

New Guest Access to UNA Campus WiFi

1. Select **UNA Start Here** in your list of available wireless networks.
2. When your device shows connected to UNA Start Here, open a web browser and attempt to browse to a website. You will be redirected to the site below.
3. On the Welcome screen, select **New Guest**.

The image shows a web browser window displaying the University of North Alabama (UNA) wireless network welcome page. The page features the UNA logo (a yellow bear) and the text "University of NORTH ALABAMA". On the left, a section titled "Welcome to the UNA Wireless Network" instructs users to choose their user type. A blue button labeled "Employee/Student" is shown above a text box describing the network for valid credentials. A red arrow points to a blue button labeled "New Guest" on the left, which is highlighted with a blue border. To the right of the "New Guest" button is a text box describing the guest network access. A blue button labeled "Returning Guest" is at the bottom left, and a text box for guest login is at the bottom right.

Welcome to the
UNA Wireless
Network

To set up network and Internet access, please choose your user type and login.

Employee/Student

Employees/Students with valid credentials will be moved to a secure wireless network and will receive full network access. In order to properly and securely access all necessary resources, all employees and students needing wireless access should utilize this network.

New Guest

Guests will receive restricted Internet-only network access as some on campus resources will not be available from the guest wireless network. Also, the guest network's speeds are limited in order to accommodate the main campus network and the broadest number of possible users.

Returning Guest

Login to your existing guest account or request your password to be resent.

4. Select **Guest** and **Continue**.
