Why is Higher Education Important?

On February 20th, the Student Government Association was invited to go to Montgomery, Alabama to encourage the decision makers in Alabama to support and help fund public universities all over the state. We had the privilege of attending and hearing from legislators all over the state as well as getting to represent the University of North Alabama. This event was organized by Chairwoman Victoria Hamilton and the Legislative Affairs Committee.

Resource of the Month

- University Career Center
 - The Career Center is available to all UNA students and alumni through every stage of career development – from choosing a major to finding an internship or job to making a career change. One-on-one sessions with a member of the career center team are available by appointment, and various services and events are offered throughout the semester.

SGA Member Spotlight

I am in SGA because I wanted to be able to put in work for fellow students. Of course, I enjoy representing my peers, but what I love even more is dedicating my time, thoughts, and passion to the betterment of our university and higher education in Alabama. UNA has given me so much in terms of skills and relationships, being in SGA is the least I can do to return that favor!
